About Company

Briti Energy is a leading solar rooftop service provider dedicated to transforming the way homes and businesses consume energy. With a strong commitment to sustainability and innovation, we offer high-quality, efficient, and cost-effective solar solutions that help reduce electricity costs and carbon footprints.

Our expert team specializes in designing, installing, and maintaining customized solar rooftop systems tailored to meet the unique energy needs of our customers. Whether for residential, commercial, or industrial applications, we ensure seamless integration of solar power with maximum efficiency and reliability.

At Briti Energy, we believe in a greener future powered by renewable energy. By harnessing the limitless power of the sun, we enable individuals and organizations to achieve energy independence while contributing to a cleaner and more sustainable planet.

Vision & Mission

■ Vision

To provide affordable and innovative Solar Energy Solutions to empower organizations and individuals through the use of Renewable Energy.

■ Mission

- *To be one of the leading providers of Solar Energy Solutions.*
- *To be the preferred and trusted partner of customers by offering a winning combination of Technology, Quality, Cost, and Delivery through Innovation and Service Effectiveness.*
- *To create a Workforce that is Motivated, Dedicated and Empowered.*
- *(4)To maximize Business Returns to our Customers.*

Our Services

Residential Solutions

For homeowners seeking to embrace sustainable living and reduce energy costs, our residential solar solutions are designed to seamlessly integrate into your home. Our design solar projects not only generate clean energy but also enhance the aesthetics of your property, offering a smart and eco-friendly investment for the long term. With evolving real estate shaping the future of communities. We collaborate with real estate developers to incorporate solar energy solutions into their projects.

Commercial and Industrial Applications

We understand the energy challenges the businesses face, whether it's reducing operational costs or achieving sustainability goals. Our commercial and industrial solar solutions are tailored to address these challenges. From office buildings and manufacturing facilities to warehouses and distribution centers, our designed solar projects provide a reliable source of clean energy, helping businesses become more energy-efficient and environmentally responsible.

Ground-Mounted Structures

- *Optimal Sun Exposure – Strategically positioned for maximum sunlight and consistent energy production.*
- *Higher Efficiency – Tilting and tracking enhance energy capture.*
- *Scalability – Easily expandable to meet growing energy needs.*
- *Easy Maintenance – Accessible for better upkeep and longevity.*
- *Efficient Space Use – Ideal for large areas without roof constraints.*
- *Best for Limited Roof Space – Perfect for factories with space constraints or harsh environments.*

How Our Team Works

At Briti Solar Energy, we are committed to delivering sustainable and efficient solar solutions through teamwork, innovation, and expertise. Our team operates with a structured yet flexible approach to ensure the best results for our clients.

Mr. Mahesh Kalavadiya is connected with Solar Industry for Over 8 Years. He is Strategic Thinker in Order to take Vision Through To Reality. At Briti Energy He is known for his problem-solving Attitude.

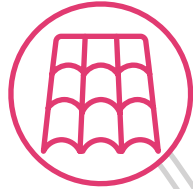

Design Engineer

Design Engineer, Who is Mechanical Engineer Contains Good Academy Record is Associated with Briti Energy as a System Design Engineer. His Main Work Responsibilities are Site Survey, Site Assessment and Solar Resource Assessment for the Site.

Sales Head

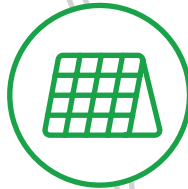

Sales Head is having 5+ years of experience in sales. He has joined Briti Energy from long time and proven his skills in sales. He owns all plans and strategies for developing business and achieving the company's sales goals.

Our Projects

Residential Rooftop Solar

1,000+ Residential Projects
Largest cumulative capacity,
completed projects

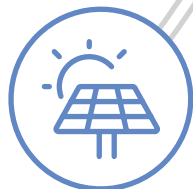

Ground Mount Solar Projects

Significant capacity, large-scale
installations
*Like Capital Market, Sundaram Park
Satyam Park - Kalawad*

Industrial Solar Projects

Medium capacity, diverse
industrial applications
*Like Ganesh Oil Mill, Changala Cast,
JP Product - Jamnagar*

Commercial Solar Projects

Smaller capacity, commercial
sector focus
*Like Ambika Oil Mill, Shivhari Hotel,
Nakalang Hospital - Morbi*

Thank You!
